This is a directed net, I will call each team member individually. Please respond with your callsign and indicate if you have any traffic for the net.

[Call each station below. If they have no traffic, or if there is no response, move on to the next call. If they have traffic, have them go ahead with their traffic, then ask if there are any questions. When questions are complete, continue with roll call.]

[Check in additional stations, or pass control back to the MVARC Net Control station]

This will conclude ARES team roll call, and I will now return control to KC7KEY. Thank you all for checking in. This is [your call sign] standing by.
