

MVARC Net Preamble

At 5 minutes before 8:00 pm make the following announcement:

This is [your call sign]. The Maple Valley Tuesday night simplex net will begin in 5 minutes. Your net control tonight is [name], [your call sign].

8:00 pm Begin net with the following announcement:

Good evening, this is [name], your net control station, using the club callsign KC7KEY.

Welcome to the Maple Valley Amateur Radio Club Tuesday evening simplex net. This net meets every Tuesday evening at 8:00 pm on 146.54 simplex, for about 1 hour. This is an open net and all are welcome to join. Please keep in mind that if you have emergency traffic, use your call sign to break into the net at any time.

The Maple Valley Amateur Radio Club meets in person on the fourth Saturday of each month at 10:00 am. The next meeting of the Maple Valley Amateur Radio Club will be the [date] at the Maple Valley [location].

The purpose of our club is to provide support for community activities in the general vicinity and to provide radio communications during times of emergency in the Southeast King County area. In the event of an actual emergency, ARES team members are requested to monitor 146.54 for possible assignment.

In support of these activities we conduct this net each week to sharpen our skills for times of emergency, to get to know other HAMS in the local area, and to enhance our general knowledge of amateur radio.

Again this is [name], KC7KEY, your net control for tonight. I will now call for any general announcements for the net this evening. Please come with your call sign now.

[Callsigns, check box when announcement is complete]

Hearing none *or* After announcements

Is there a member of the Maple Valley ARES Team who would like to make announcements and call for team check-ins?

Pass control to ARES team member for team check-ins

Hearing none *or* After ARES Check-ins

I will now take regular check-ins for tonight's net. Please come with your call sign now for recognition by net control.

Callsigns: [Include calls from announcements and ARES team. Mobile stations should be acknowledged first since they may drive out of range. Check box after each round to keep track of who is next.]
